# GENERAL TOOL SAFETY WARNINGS & SPECIFICATION

**WARNING: Read all safety warnings and all instructions.** Failure to follow the warnings and instructions may result in serious injury.

**Save all warnings and instructions for future reference.**

- a) **Do not exceed weight capacities for the Workbench shelves and drawers. Be aware of dynamic loading!** Sudden load movement may briefly create excess load causing product failure.
- b) Use only on flat, level and hard surfaces capable of supporting the Workbench and any item(s) placed on Workbench. Evenly distribute load on Table to avoid tipping.
- c) Use as intended only. Do not use Workbench to perform task for which it was not designed.
- d) For indoor use only.
- e) Assemble only according to these instructions. Improper assembly can create hazards.
- f) Wear ANSI-approved safety goggles and heavy-duty work gloves during assembly and use.
- g) Keep assembly area clean and well lit.
- h) Keep bystanders out of the area during assembly.
- i) Do not assemble when tired or when under the influence of drugs or medication.
- j) This product is not a toy. Do not allow children to play with, on or near Workbench.
- k) Inspect before every use; do not use if parts are loose or damaged.

# Fixings

Part No	Description	Qty
A	Allen Key	1
B	Dowel Nuts	4
C	Long Bolts	4
C1	Washers	8
D	Blue Long Screws	4
E	Heavy Duty Screws	4
F	Blue Small Screws	10

# ASSEMBLY INSTRUCTIONS

## Stage 1 Assembly of work bench frame.

**Parts required for this section: A) x1, B) x4, C) x4, C1) x4, 1) x2, 2) x2 & 3) x1**

Place the washer (C1) over bolt (C) and insert through the side leg (1) to attach the lower support bracket (2). Place the dowel nut into the pre cut hole on the support bracket (2) and tighten using the allen key (A)

Repeat this process again for the second side leg (1) for the bench to then look like the below image.

Insert bottom shelf (3) by sliding into the recess of the support bracket (2). Then attach the second support bracket (2) to the side legs (1) using bolt (C), washer (C1) & dowel nut (B)

Congratulations stage one is now complete.

Your bench should now look like the image below.

## Stage 2 Attaching the Table top.

**Parts required for this section: D) x4, 4) x1, 8) x2, 10) x1 C1) x4 & E) x4**  
(You will also require a cross headed screwdriver & a 13mm spanner)

Attach upper support brackets (8) to the table top (4) using screws (D)

Attach the table top (4), using screws (E) & washers (C1). Insert the screws from underneath the table top (4) to secure the bench frame.

Once you have secured the table top (4) with all four screws (E) & washers (C1) Your bench should then look like the image below.

Finally, attach the vice (10) to the front of the table top (4) into the pre drilled holes on the left.

Congratulations stage two is now complete. Your bench should now look like the image below.

## ASSEMBLY INSTRUCTIONS

### Stage 3 Assembly of the drawers.

**Parts required for this section: 7) x1, 6) x2, 5) x1, 9) x1 & F) x8**

(You will also require a cross headed screwdriver)

To assemble the drawer take both sides (6) & back (5). Screw together using screws (F)

Once you have screwed the back (5) to the sides (6) your drawer should look like this below.

Next take the drawer bottom (9) and slide into the recess of the sides (6)

Last to do is add the front (7) and secure tight with screws (F) Then slide the completed drawer into the recess of the upper support brackets (8) on the woodbench.

Congratulations stage three is now complete. Your bench is now ready to use.

We wish you many years of enjoyment with your new bench.

The mark of responsible forestry
